

PROHIBITED FLAMMABLE PLANTS

Listed plants are NOT to be newly planted (or allowed to propagate) within 30-feet of any structure, including outbuildings and decks (AMC 9.04). Avoid mass plantings in any zone. (<https://ashlandoregon.gov/ProhibitedPlants>)

PROHIBITED TREES:

Arborvitae/Redcedar, *Thuja spp.*
Cedar, *Cedrus spp.*
Cedar/Cypress, *Chamaecyparis spp.*
Cypress, *Cuprissus spp.*
Douglas-fir, *Pseudotsuga menziesii*
Fir, *Abies spp.*
Hemlock, *Tsuga spp.*
Incense Cedar, *Calocedrus decurrens* or *Libocedrus decurrens*
Juniper, *Juniperus spp.*
*Pine, *Pinus spp.*
Giant Sequoia, *Sequoiadendron spp.*
Coast Redwood, *Sequoia spp.*
*Spruce, *Picea spp.*
Yew, *Taxus spp.*

PROHIBITED SHRUBS:

Bitterbrush, *Purshia tridentata*
Broom, *Cytisus spp.*
Ceanothus, *Ceanothus spp.*
Himalayan Blackberry, *Rubus armeniacus*
Juniper, *Juniperus spp.*
*Lavender, *Lavandula spp.*
*Manzanita, *Arctostaphylos spp.*
*Oregon grape, *Mahonia aquifolium*
*Rosemary, *Rosmarinus spp.*
Sagebrush, *Artemisia tridentate* or *californica spp.*

PROHIBITED GRASSES:

Pampas grass, *Cortaderia selloana*

NO plants are recommended for planting within 5-feet of a building. Prohibited plants must be planted a minimum of 30-feet away from any structure, per ordinance.

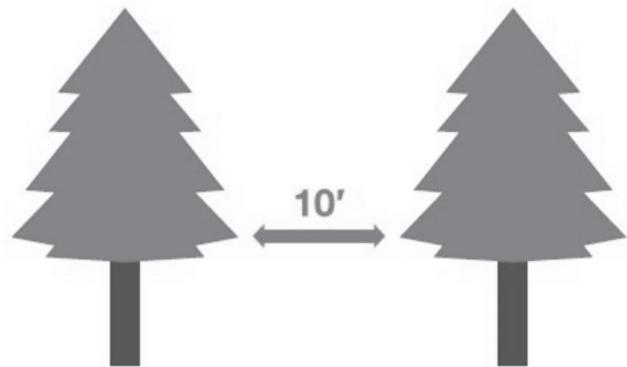

Contact Ashland Weed Abatement to report complaints of Prohibited Flammable Plants at 541-552-2246.

FLAMMABLE TREE & SHRUB MINIMUM SPACING GUIDELINE BASICS

(See General Fuel Modification Area Standards in AMC 18.3.10.100 for full details)

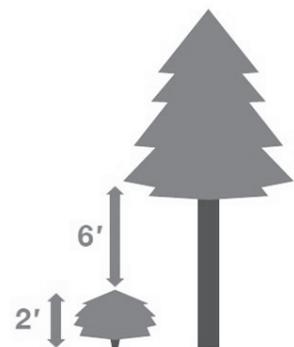

Shrubs on the prohibited flammable plant list must be spaced 2x the height of the shrub at maturity.

Trees on the prohibited flammable plant list must have at least 10-foot spacing between canopies.

Minimum Vertical Clearance

3 x the height of the shrub to the lowest branches of the tree

*Exceptions may be granted for dwarf or prostrate varieties **IF** approved by Fire Dept. staff, planted beyond 5-feet from any structure, **AND** follow tree and shrub spacing guidelines as defined in the General Fuel Modification Area Standards in AMC 18.3.10.100.

Bark mulches ARE NOT ALLOWED WITHIN 5-FEET OF NEW STRUCTURES, and strongly recommended NOT TO BE USED within 5-feet of existing buildings (especially those with wood siding), decks, or wood fence attachments.
